

Nursery Newsletter 12th February 2016

We have had a great week in nursery learning all about Chinese New Year. Children joined in dragon dancing, moving and responding to the music. We have been busy role-playing in the Chinese restaurant area and tasting Chinese food. Children have found out which Chinese year they were born in and talked about the story of the animal race. We have also discussed the traditions of Chinese New Year.

Thank you for all the magical moments we have received throughout the year so far. We love reading them. Please continue to use the slips at the bottom of the newsletters to write down any special news, moments or achievements at home and we will share them with your child and keep them in their special learning journey book. If you ever need any extra magical moments slips please let us know.

Have a lovely half term.
