## Friday 19th June

Dear Parents/Guardians

We have enjoyed another busy week in Reception. This week we have continued to enjoy finding out about Minibeasts. The children have especially enjoyed observing our live caterpillars which have now changed and have formed their own chrysalis. The children have also studied the life cycle of a butterfly and know the stages of growth. The children also know that the cycle is repeated. The children have also made some beautiful butterflies for our display.

This week the children have also been learning about time. They have learnt the days of the week and they have also sequenced the different things they do during their day. They have also had the experience of using analogue clocks to tell the time. The children have been keen to read and show the time using o'clock.

Also, thank you for all the magical moments, we loved hearing about them and the children were so proud sharing them. Keep them coming in!

Have a lovely weekend!

The Reception Team

### Superstar Writer!

Each week we will be choosing a 'Superstar Writer' who has completed some fantastic writing during the week. They will win a certificate, a special sticker, a pencil and a mention on our celebration display.

This week's winner: Danny Byers (RD) Alfie Green (RM)
