

Reception Newsletter

Friday 12th June

Dear Parents/Guardians

We have had a very busy week this week in Reception. We really enjoyed our minibeast hunt with Richie the ranger and we found lots of minibeasts all over our Nursery garden!

In our maths we have been getting better at sharing and halving. We have been sharing things like playdough, minibeasts and sweets. We have also been learning number songs about minibeasts!

This week we have been looking at the lifecycle of a butterfly and we have been watching our live caterpillars wriggle and move. They are very hungry caterpillars and they have gotten so big. We hope that when we come to school next week they will have started to make cocoons!

Next week we are getting a new playground! In class we have been drawing plans and making model playgrounds - we are very excited about our new learning environment!

Thank you for all the magical moments, we loved hearing about them and the children were so proud sharing them. Keep them coming in! Have a wonderful half term!

The Reception Team

This week's star writers are:

RM - Anthony Charlton

RD - Hayley De Brouwer
