Safer Internet Day

Tuesday 6th February 2018 is Safer Internet Day. This year's theme is 'Create, Connect and Share Respect: A better internet starts with you'. The day offers the opportunity to highlight positive uses of technology and to explore the role we all play in helping to create a better and safer online community. Paul Bradshaw (Online Safety lead and Senior School Improvement Officer) will launch this event in school and work with all year groups. Through activities and workshops the children will learn to celebrate the many positive aspects of the internet and be informed about the issues that they may face online today.
