

Nursery Newsletter 14th January 2016

We have had a great start to the New Year with children settling back in really well. A big welcome to our new starters in afternoon nursery. This half term we have a teaching student called Miss Parsons in the nursery. Miss Parsons is enjoying working with the children and getting to know them.

This half term our topic is Water, Water, Everywhere. This week we have been learning all about ice and the Arctic. Children have been busy setting up a super Arctic Role Play area. We have been talking about Arctic animals, freezing and melting ice and making beautiful handprint snowflakes. Children have been counting using ice cubes and recognising numbers on our numbered snowflakes.

On Mondays children will continue to have French sessions. We are very impressed with how well the children have remembered their colours in French from last term. This term they will practise counting, saying how they feel and naming body parts in French.
