

Social and Emotional health

The Better by Bus Team came to Lister Infants to share the benefits of travelling by bus.

There are so many great places to explore by bus

Making buses even better

Arriva and Mersey travel joined forces to make our buses even better. This includes upgrading the buses with cleaner and greener buses, easier journeys and improved customer services.

The team led an energetic, fun assembly for the children learning about using the bus to explore all the exciting places in Liverpool!

The children learnt a song. The website address below shows the lyrics and video.
