

Speak out and stay safe!

The NSPCC team came to Lister school to share 'how to stay safe' messages.

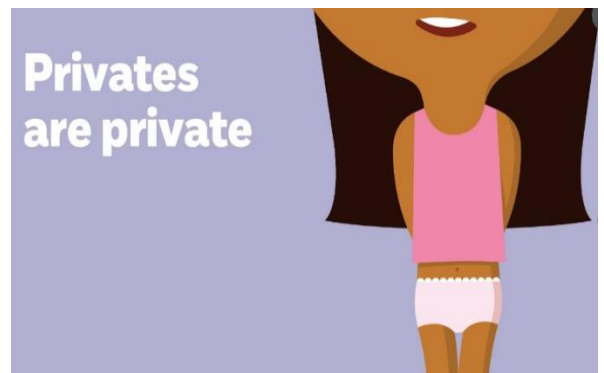

What the children learnt

All children have the right to be safe.

All children have the right to speak out.

Private parts are covered by underwear and they are private!

Who to talk to in and out of school.

The speech bubble teddy called 'Bubble' reminded the children to talk to others if they felt sad, scared or frightened.

Everybody's voice is
important!

I will tell someone if
something happens I don't
like!
