## Sport Premium Report and Impact

September 2016- July 2017

Planned Expenditure for September 2017-July 2018

## Sport Premium Statement

The Government is determined to secure a significant and lasting legacy from the very successful 2012 Olympic and Paralympic Games that were held in London. In order to achieve this and improve the provision of PE and sport in primary schools, additional funding of £150 million per annum was made available for the academic years 2013/4, 2014/5 and 2015/16. The Government have pledged to continue this funding until 2020.

At Lister Infant School we believe that sport plays an important part as it contributes to the health and well-being of our children. Sporting excellence and participation, alongside strong cultural opportunities, go hand in hand with academic standards. A high quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically demanding activities. It provides opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect.

### **Vision**

All pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport

### **Objective**

To achieve self-sustaining improvement in the quality of PE and sport in primary schools leading to long lasting impact against the vision that will live on well beyond the Primary PE and Sport Premium funding.

Podium provided by Little League Sport. Photographs shared on website	Sports Day was a huge success even with having to be adapted to indoors due to poor weather. The event was well attended by parents who gave excellent feedback regarding the new presentation of medals using the podium and they enjoyed Mr B commentating as this made it clear to see what the event was and who had got through to the final. The children really enjoyed Sports Day and their attitude to the event was excellent. Pupils showed excellent sportsmanship. All children took part in a competition and were able to compete at different levels due to have some fun competitions and some skill based. As a result of sports day, competitions and playground buddies 22% of pupils were involved in a leadership role for PE or physical activity.	The introduction of medals brought real excitement to the event and the children are very excited to improve their skills in order to achieve well in the next sports day. Therefore the medals will continue.

### PE Curriculum

A wide range of activities are delivered in school which aim to engage and inspire all children. We are also committed to ensure that all children receive at least two hours per week of high quality well-planned PE and physical activity. Over the year each child will participate in games, athletics, dance and gymnastics lessons. Opportunities are also planned for swimming in Year 2 where children work with specialist swimming coaches. In addition to this we have a daily Wake Up Shake Up aerobic session which increases children's activity and fitness levels so that they are ready to learn. (Please refer to the year group pages of the website for more details of PE lessons taught each term.)

### The Wider Curriculum

PE and sport has a high profile in our school and permeates many aspects of school life. In the summer term we hold our annual Sports Day in which we encourage participation of all children and organise competitive races for pupils. In order to include all, we plan for some events to be fun based whilst others are skill based.

Every other year school participates in the Sport Relief mile run, where all our pupils learn how to train and persevere to achieve a goal. We encourage all pupils to participate by walking, jogging or running the mile. This is a big school event with training sessions built in prior to the event.

Other agencies are used to enhance the variety of activities available and we take full advantage when these opportunities become available. For example school links with Vagabonds Tennis Centre which is a local tennis club in the area. The pupils participate in tennis sessions and children are encouraged to try the club by receiving a free session voucher. Talented children are signposted to local clubs and events to encourage them to develop their skills.
