

Half Term Homework

Autumn is here!

We would love the children to have fun and spend some time exploring their outdoor environment. Perhaps explore your local park and collect Autumnal items for example leaves or conkers. Or wrap up and go for a walk and see what you can find!

We have given every child a bag so they can place their Autumn items in and we ask if parents could write were they went to collect the items to prompt discussion at circle time.

Mrs Jones and Miss Manley are looking forward to see what you find and what your children know about the local environment.

Don't forget to take an Autumn selfie during your walk so we can share it in class and place it on our display. Please send your selfie to our school email address below

We hope you have fun exploring Autumn!

Nursery Staff enjoyed their Autumn walk... #autumnselfie
