# Computer Safety Week.

## 'Unite for a better internet'

The children have enjoyed a range of activities, visitors and books relating to online safety.

Gill from the Merseyside Police team came to Lister and led learning workshops in each class.

A good web page recommended for parents…

# Our E-safety Rap

L I S T E R

we're keeping it safe!

Electronic systems all over the place.

First we THINK

Next we CLICK

Follow all the safety rules

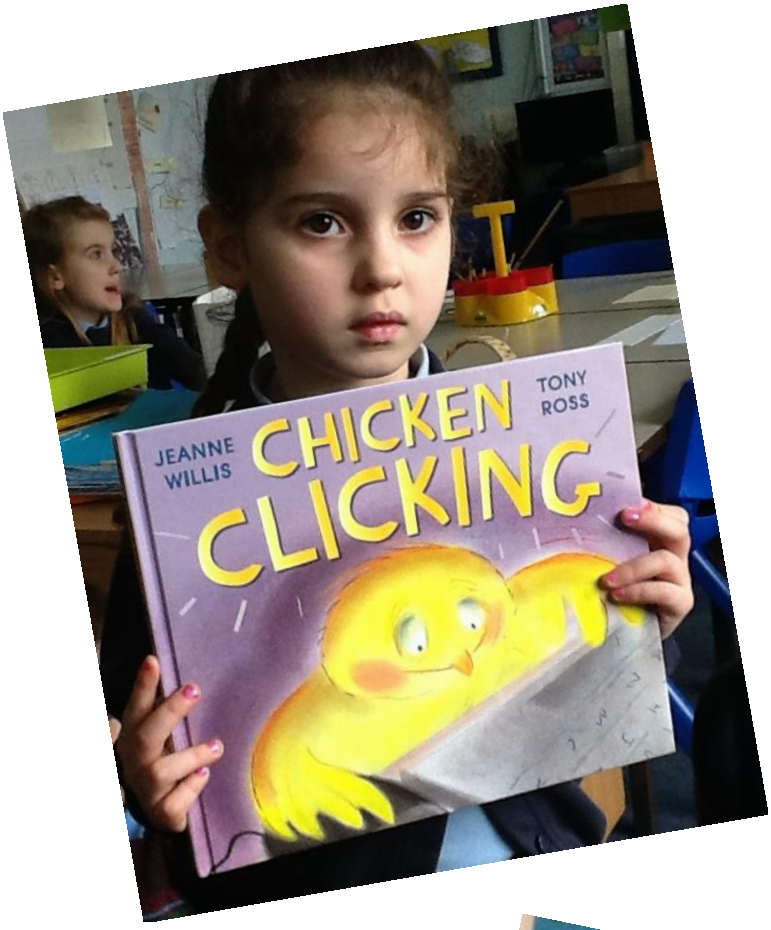
Be a super trooper

right here in Lister school!

## This week the children have been learning about…

- How to be polite and respectful online.
- Aware that characters or people they interact with may be computer generated or real people and that they are strangers!
- How to behave with strangers!
- To be aware of the games they play and check if they are age appropriate!
- Think before they click and if they are unsure about anything they must ask an adult.

**'Learning about online safety through the use of story books'.**

**The children enjoying a workshop with Paul from our local education authority.**


Here are some of the books the children enjoyed this week…
