**Rhyme of the week**

**Underground Vegetables Song**

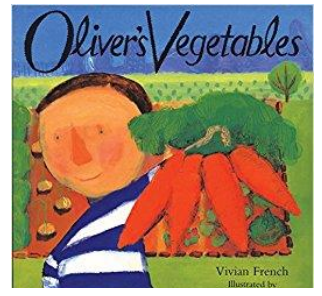

Sang to the tune of Frère Jacques

Please find lyrics attached.

**Story of the week**

Oliver's Vegetables

This week's focus...

The children have enjoyed learning about the story 'Oliver's Vegetables' this week. The children talked about their favourite part of the story and we thought about the sequence of the story. Children sequenced pictures of what happened at the beginning, middle and end of the story. We made a shopping list of ingredients to make vegetable soup. We prepared and chopped the vegetables then made some yummy vegetable soup, it was delicious!

We talked about weight this week and used the words heavy, light, heaviest and lightest. We used the balances to weigh different fruits and vegetables.

**Reminders**

- Please send back any spare clothes or underwear that has been sent home with children as soon as possible.
- Thank you for the 'Magical Moments' that have been sent in so far. We love sharing the children's achievements.

**Maths Challenge**

Can your child talk about the weight of different objects from around the home? Use the language heavy, light, heaviest and lightest.
