

Road Safety with Rose Crossland from Liverpool City Council

The children enjoyed listening to a story about a child playing football near the road. The children learnt all about staying safe near roads.

The children sorted dark and light colours.

Rose talked about the importance of wearing bright clothes on dark nights and how some clothes have reflective material.

When crossing the road remember...

Hold hands

Put your feet behind the curb

Look, listen and think!

Parents must take care crossing the roads with children whilst using mobiles!

The children were reminded to wear seatbelts in the car!

Parents did you know that children should be in a booster seat until the age of 12 or 135cm.
