Word of the  
week:  
silent

This Week....

The children have really enjoyed learning about their bodies. We loved reading the story 'Funnybones' by Janet and Alan Ahlberg. This inspired us to create our own skeleton pictures using chalk and art straws.

In our maths we have been finding out which hair and eye colour is the most popular in our class. We created class pictograms using our photographs to show this information and we discussed similarities and differences.

The children really enjoyed their third week of 'Yoga Bears'. This week we met the strength bear and we practised our butterfly and tree poses.

Pattern Challenge

We are learning all about repeating patterns. Can your child create their own pattern at home eg: car, block, car, block.
