

Dear _____

Just a little note to tell you what I've been up to.

This week I bought a badminton set and I have been playing in the Park. I saw Archie when I was there! What a great surprise! I am really enjoying playing. At first I wasn't so good because I haven't played for a long time but I am getting much better now!

I have been going on long walks each day too to keep active and fit. I like to go on one hour walks. How about you?

Hope you are all safe and well.

Lots of love,

Miss Haynes
