

## Ways I have changed

I was born on the 16<sup>th</sup> May 1986.  
I was born at 8.45pm in Liverpool and I weighed 8lb 7. I still live in Liverpool today!

I always liked school when I was younger so it's no wonder I became a teacher!

When I was younger I loved chocolate cake and I still love chocolate cake now. It is my favourite pudding!

I used to go to Rainbows when I was younger with my friends. Now my friends and I like to go for meals together to catch up.

When I was younger I had a pet rabbit called Benjamin. I chose the name because I used to love reading books by Beatrix Potter so I named him after Benjamin Bunny. I don't have any pets now but I liked to visit my mum's dog Louis and my brother's dog Jasper.

I grew up with my brother Tom. I used to be taller than Tom but now he is a lot taller than me! He likes to think he is my big brother but he is three years younger than me.
