

**WE WOULD BEE THRILLED IF YOU WOULD JOIN US FOR  
"WORLD BEE DAY" 20th MAY 2021**

**MAINS**

**BEE(F) BURGERS  
MARGARITA BEEZZA  
JACKET POTATO with FILLING  
(bees help to pollinate potato flowers)**

Bees share information about best food sources by performing a "waggle dance"

Over the past 15 years, colonies of bees have disappeared (colony collapse syndrome). In some regions 90% of bees have disappeared

**SIDES**

**STINGER FRIES  
(shoestring fries)  
BAKED BEANS  
SWEETCORN**

**DESSERTS**

**HONEY & OAT CAKE  
BEEUTIFUL FRUIT POTS**

Worker bees are all female, they forage for food, build & protect the hive. These are the only bees seen outside of the hive.

Bees are super pollinators for flowers, fruits & vegetables. This means they help other plants to grow.
