

My News

First I woke up and it was a lovely sunny day. I went to sit outside in my garden and had a hot cup of tea to wake myself up.

Next I decided to do some gardening. Alice and Jacob helped me to get rid of all the weeds in the plant pots. We had sunflower seeds to sow and we had small strawberry plants to plant. It was hard work and we all cooled down with an orange, cold lolly ice. Delicious!

Then it was time for lunch and we all decided to have a picnic lunch. We had cheese sandwiches, salty crisps, chocolate cake, red grapes and pink lemonade.

After that we all went for a walk around the local area as it is important to keep fit and healthy. Alice went on her pink bike and Jacob went on his red scooter.

Finally after a long and busy day we all decided to watch a film and eat some delicious sweet popcorn. We watched Frozen II and we all sang along to the wonderful songs. I had a lovely weekend and my favourite part was having a picnic outside with all my family.

Try and use:

- First, Next, Then, After that, Finally
- Can you extend your sentences using 'and'
- Can you include adjectives – remember an adjective describes the noun and can be a colour or the size of something (Eg. A red apple or a big car.
- Don't forget to add in full stops.
- Capital letters for names, places and at the beginning of a new sentence.
