

Story of the Week

This week we celebrated Science Week. The theme was about growth. Nursery have enjoyed making a garden in a glove and they can't wait to see their seeds grow. The children have also been in the garden during Notice Nature Day to make observational drawings of the daffodils they had helped to plant last year. The children also made some beautiful paintings of their daffodils too.

This week we have also enjoyed listening to a story called Aliens Love Underpants. The children have been learning about pattern and made repeated patterns with paint to decorate their underpant pictures.

Rhyme of the Week

Row, row, row your boat,
Gently down the stream,
Merrily, merrily, merrily, merrily,
Life is but a dream.

Row, row, row your boat,
Gently down the stream,
If you see a crocodile,
Don't forget to scream - Aghh!

Homework

During Science Week the children made a garden in a glove. The children have been looking very carefully to see which seed will grow first. The children have taken their gloves home to continue to make observations on the growth of their seeds.

Help your child find out which seed has grown the fastest and which seed is the slowest to grow?

Packed Lunches

Just a little reminder, in order to protect children with allergies, we are a **nut free** school. Please be mindful of this when packing your child's packed lunch items. Thank you.
