

This term we are learning about the different rooms and items in a house. This week's focus was the bathroom. To support our vocabulary we played Kim's game and named the missing bathroom items and also identified items in a picture.

In Maths we sorted characters from our story of the week according to their size. We used language 'big and small'.

We had a celebration in the home corner a new baby! We wrote congratulations cards. Then we also had the experience of bathing the baby.

Story of the Week

Rhyme of the Week

Rock a-bye, baby,
On the tree top,
When the wind blows,
The cradle will rock.
When the bow breaks,
The baby will fall,
Down will come baby,
Cradle and all!

Homework Challenge

This week we have focused on size using the vocabulary big and small.

Can you support your child to find different sized objects around the house?

Talk about their size- Which one is small/big?

If they are confident with this you could also ask them to find an object that is bigger than or smaller than another one.

Don't forget to upload any photographs to seesaw we would love to see your learning at home.

Magical Moment

We would like you to share your child's learning with us. We would love to hear about their 'Magical Moments' at home. Some examples could be trying to get dressed by themselves, putting on their coat, learning to ride a balance bike/trike or remembering to use their manners. Let us know!

Christmas Celebrations

This week we have started learning some of the Christmas songs to sing at our performance.

Our sing-a-long performance is **Tuesday 6th December** – please place the date in your diaries!

There will be two performances- **Morning 9.15am and Afternoon 12.30pm.**

If your child attends Nursery all day parents/carers are welcome to attend the time that best suits work commitments.

We will be sending the songs home so you can help your child practise for the performance.
