Lister Infant School

Pupil Premium Strategy

October 2021-24

Updated October 2023

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Lister Infant School
Number of pupils in school	182
Proportion (%) of pupil premium eligible pupils	36.5%
Academic year/years that our current pupil premium strategy plan covers	2021-2024
Date this statement was published	September 2023
Date on which it will be reviewed	July 2024
Statement authorised by	J. Davies
Pupil premium lead	J. Davies
Governor / Trustee lead	G. Price

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£80,730
Recovery premium funding allocation this academic year	£8,100
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£88,830

Part A: Pupil premium strategy plan

Statement of intent

The Senior Leadership Team continually looks at ways to improve the life chances of all of our pupils and the barriers that stand in the way of their development. When making decisions about using Pupil Premium funding it is important to consider the context of the school and the subsequent challenges faced. This alongside research conducted by the EEF. Common barriers to learning for disadvantaged children can be: less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no “one size fits all”. We will ensure that all teaching staff are involved in the analysis of data and identification of pupils, so that they are fully aware of strengths and weaknesses across the school.

The Sutton Trust and Education Endowment Foundation (June 2019) and the EEF Toolkit play a key role in our spending plans for Pupil Premium.

Lister Infant School continues to adopt a tiered approach to Pupil Premium Spending with a focus on the following;

1. Teaching – a focus on professional development ensuring the opportunity for highly skilled teachers
2. Targeted academic support – close links between intervention support and classroom teaching
3. Wider strategies – using social and emotional support to target non-academic barriers to success in and out of school and to give skills for life.

Principles

- We ensure that teaching and learning opportunities meet the needs of all the pupils
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals.

This list is not exhaustive and will change according to the needs and support our socially disadvantaged pupils require.

Ultimate Objectives

- To narrow the attainment gap between disadvantaged and non-disadvantaged pupils within internal school data.
- For disadvantaged pupils at the end of KS1 to achieve at least in line with national expectations in order that they can fully access the next stage of their education and achieve their true potential to go on and live a fulfilling life.

All our work through the pupil premium will be aimed at accelerating progress, moving children to at least age-related expectations.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Weak Language and Communication skills
2	Low attainment on entry to the Early Years Foundation Stage in all areas
3	Punctuality and attendance issues
4	Limited experiences of life outside immediate environment, self-belief and confidence.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Further diminish in school gaps in percentage of disadvantaged children achieving GLD at end of EYFS	2023 Data shows in school gap of 6% (national gap 19%) Aim to continue to diminish this gap whilst maintaining standards at least in line or above national.
Further diminish in school gaps in percentage of children passing the phonic check at the end of year 1.	2023 Data shows in school gap of +9% (national gap -18%) Aim for disadvantaged pupils to achieve national average expected standard in PSC
Further diminish in school gaps in RWM at EXS at the end of KS1	Data from 2023, in school gap was 18% with 76% of non-disadvantaged children working at EXS in

	WRM and 58% of disadvantaged children working at EXS at the end of KS1.
Improve attendance for disadvantaged children.	Attendance for disadvantaged children at least 96% or above

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching

Budgeted cost: £10,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Purchase the Read to Write shared resource. This teaching resource will be used across the whole school from reception to year 2. It not only supports and empowers teachers to teach writing but explicitly teaches and extends vocabulary across units of carefully sequenced lessons. These units of work also help schools to provide curriculum knowledge for foundations subjects. They empower teachers to teach <i>all</i> aspects writing.</p>	<p>The EEF research shows that alongside teaching phonics and word reading skills, good vocabulary enrichment accelerate children's ability to learn.</p>	<p>1,2,3</p>

Targeted academic support

Budgeted cost: £35,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Teaching assistant to provide small group catch up phonics to children in Y1 and Y2</p>	<p>To support a small number of children in year 1 and year 2 with their phonic and reading progress</p>	<p>1,2</p>

<p>Beanstalk Readers x2 (£2000) to read 3 times a week with priority given to children who are looked after.</p>	<p>Additional time with a trained adult to support reading and share stories on a 1:1 basis - special time not only impacting on reading skills but also building self-esteem and a lifelong love of reading, stories and books.</p>	<p>1,2,3,4</p>
<p>Teaching assistants in each year group to deliver the Talk Boost Intervention</p>	<p>This evidence base intervention supports children with language below the average for their age who need additional support in order to 'close the gap' with their peers. Language development is accepted as being critical to learning, cognitive development and literacy. In the classroom, spoken language is the primary medium through which teachers teach and children learn. It is expected that, when a child starts primary school, they will be able to understand much of what is said, express themselves clearly, share their feelings and make their needs known. This level of proficiency in speech, language and communication is critical to the development of a child's cognitive, social and emotional well being. A child who struggles to speak will often struggle to read and write. This issue can be compounded if children are exposed to teaching of reading and written language before their spoken language skills are developed enough to access this teaching.</p>	<p>1 (2,3,4)</p>

Wider strategies

Budgeted cost: £43,830

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Pastoral Support Work with individuals and small groups of pupils to develop social and emotional skills and gain confidence. Help overcome social and emotional barriers</p>	<p>A lack of home support or life experiences such as trauma causes emotional needs some find hard to process. Deprivation and medical need have an effect on Self-esteem and confidence Interventions: Think Yourself Great, Sunbeams and ROAR Mental Health Strategies</p>	<p>4</p>
<p>To release teacher 1/2 day for 10 weeks to deliver the Build a Bridge of Books Course to parents and children in reception classes. Teaching Assistant to deliver Parent Programme for Early Reading x 2</p>	<p>Course aimed to engage parents in school life and to learn to play, chat and interact with their child through book making activities. Aim is to break down barriers between home and school and promote a partnership approach to their child's learning journey. Evidence shows that if parents will engage with the school and the child's learning that early gains are more likely to be sustained as the child moves through the education system.</p>	<p>1,2,3,4</p>

For any family known to be in need of support with uniform, school will offer uniform free of charge.	Ensuring all children wear the uniform and have a P.E kit ensures that no child feels left out or different to others as a result of economic disadvantage.	4 (1,2,3)
Improve mental health/emotional wellbeing of all pupils through development of forest school and activities.	Children discover for themselves sustainable ways to develop resilience and life skills	4 (1,2,3)
Breakfast Club	To ensure all children have equal access to correct fuel for learning and start the school day after a nourishing breakfast.	1,2,3,4
To provide one term of swimming lessons for year 2 children. To develop their confidence in water and maintain the high percentage of pupils who are able to swim 10 metres by the end of year 2.	Data shows that the majority of children in the school do not access swimming lessons. In providing these lessons children will take the first steps in mastering a life skill.	4
Improving attendance, engagement and readiness to learn for the most disadvantaged pupils	The head teacher and admin assistant take the lead in ensuring procedures are robust in monitoring attendance and that there is support and help for families that need it. Target: to further improve attendance for all pupil groups to above 96%	3

Total budgeted cost: £88,830

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes 2022-2023

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Activity	Impact
A teacher to provide small group catch up work on phonics for pupils in year 2 and year 1.	A teacher taught a targeted group of children in year 2 and a targeted number of children in year 1. Of the 7 children in year 2 who accessed these small group lessons, 4 children achieved the phonic check. Of the 10 children in year 1 who accessed the lessons, 6 children passed the phonic check.
Beanstalk Readers x1 (£1,000) to read 2 times a week with priority given to children who are looked after.	We had 2 Beanstalk Readers (EYFS and KS1) 8 children accessed this additional support. 3 children in EYFS achieved a GLD and 3 of the year 2 children passed their phonic check.
Teaching assistants in EYFS to deliver the Wellcomm Intervention	In reception 10 children accessed this language support. 70% achieved CLL and 40% achieved a GLD. 64% of nursery children were working at ARE at the end of year.

Outcomes from wider strategies

Activity	Outcome
School Learning Mentor: Works with individuals and small groups of pupils to develop social and emotional skills and gain confidence. Help overcome social and emotional barriers	Interventions: Think Yourself Great, Theraplay, Sunbeams and ROAR Mental Health Strategies The School learning mentor worked with a total of 18 children throughout the year from KS1. All children benefitted from increased self-esteem, confidence and were more equipped to manage their emotions through self-regulation strategies.

To release teacher 1/2 day for 10 weeks to deliver the Build a Bridge of Books Course to parents and children in reception classes.	This course was replaced with the Little Readers Project delivered by a teaching assistant. In total 15 families accessed this course.
For any family known to be in need of support with uniform, school will offer uniform free of charge.	This is ongoing and the school supports any family in need of uniform.
Learning Mentor to manage and deliver Magic Breakfast programme with 3 support staff.	44 children accessed Breakfast Club. 32% were children entitled to Pupil Premium. All children enjoy a relaxed, nutritious breakfast in a relaxed, social environment.
To provide one term of swimming lessons for year 2 children. To develop their confidence in water and maintain the high percentage of pupils who are able to swim 10 metres by the end of year 2.	All children in year 2 accessed one term of swimming lessons.. All children showed huge improvement in water confidence and are ready for next step in learning to swim. 30% of children were able to swim a width of the swimming pool at the end of the course of lessons.
Improving attendance, engagement and readiness to learn for the most disadvantaged pupils	End of year data for 2019 indicates overall attendance of all pupils at 95.2%. Attendance for pupils entitled to pupil premium is 94.4% compared to attendance of non pupil premium children at 95.7%. we continue to work hard with our families to ensure all children are in school every day and rightfully have access to education.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	
What was the impact of that spending on service pupil premium eligible pupils?
