

This Week.....

This week we have continued learning our letters and sounds. In phonics we are learning to read longer words such as 'forest' 'tantrum' and 'chimpanzee'. We have also learnt to read the tricky words 'there, when, what, one'.

In maths we have been learning all about the composition of number 10. We have been looking at the different ways we can make number 10.

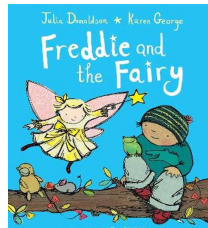

In Geography we looked at the clothes we might need to pack for summer and winter. We discussed the differences between these 2 seasons and sorted the clothes into the correct suitcase.

Don't forget to follow us on Twitter to see photographs of all our fun activities.

Reception Newsletter 10th May 2024

Story of the Week

Continuous Provision

In our continuous provision this week we have created our own car paintings using paper plates and cutting skills to add windows and wheels. On the funky fingers table we have been adding the correct amount of beads to the hot air balloons.

Star of the Week

Bluebells: Jessica Unsworth
Daffodils: Bethel Nwabuzor

These children have been caught going over and above this week!

Daffodils Class Assembly

Daffodils have been practising their class assembly and can't wait to perform for their families on Thursday 16th May – 9:00am

Bluebells will have their class assembly after the half term break...More information regarding dates and times will be shared closer to the time.

Biscuit Week

Thank you for supporting both Bluebells and Daffodils biscuit weeks these past two weeks. We are very grateful!

We love to see and hear about your child's achievements at home. We would love if you would share these with us on Seesaw.

We would love to see their reading, writing, maths, creative and physical skills at home. Have they learnt to ride a 2 wheeler bike? Have they learnt to make their bed? Can they tie their shoe laces/ fasten buttons/buckles? Let us know!
