

This Week...

In phonics, we learnt how to read longer words that end with an 'ed' such as 'helped', 'melted' and 'smashed'. We have continued practicing all of our tricky words to help with our fluency when we read.

In maths, we have been learning all about the composition of number 10. We have been looking at all of the different ways that we can make number 10. In our NCETM sessions we have been looking at doubling and have been putting this in to practice by creating beautiful doubling butterflies and ladybirds.

In our continuous provision, we have continued with our topic 'Here Comes the Sun'. In our sand tray we have been making and decorating sandcastles. On our funky finger table, we have been using the tweezers to add the correct amount of pegs to the number crabs. And in our water tray we have been searching for the correct amount of mini beasts in the water.

**Don't forget to follow us on Twitter to see photographs of all our fun activities.

This Week's Book

Weather Update

As the weather is very changeable at the moment. We ask that the children bring a coat with them for outdoor play. Thank you.

Star of the Week

Bluebells: Eduardo Rodrigues Pereira

Daffodils: Ehsan Ataei

These children have been caught going over and above this week!

Moving to Year One

The children will find out who their new teacher will be on Monday 1st July. They will enjoy a story with their new teacher in their current classroom. On Wednesday 3rd July the children will spend the morning with their new teacher in their new classroom.

We love to see and hear about your child's achievements at home. We would love if you would share these with us on Seesaw.

We would love to see their reading, writing, maths, creative and physical skills at home. Have they learnt to ride a 2 wheeler bike? Have they learnt to make their bed? Can they tie their shoe laces/ fasten buttons/buckles? Let us know!
