

This Week...

We have continued learning our letters and sounds. We practised all of our taught phase 2 and phase 3 sounds and continued to practise reading words such as shimmer, rubbish and market.

In maths, we have been learning all about the 7. We have enjoyed finding different ways to make 7 and have been exploring different representations.

To celebrate British Science Week, the children have taken part in a range of science experiments. We were so lucky to have a real life scientist come and visit us this week and show us lots of different adapt and change experiments.

In our continuous provision, we have continued with our 'Once Upon A Time' theme. The children have enjoyed using directions to guide Hansel and Gretel home in the sand pit. At our funky fingers station we added the correct number of sweet beads to the numbered pipe cleaners and we made our own Wolf masks to act out the wolf from the story 'Little Red'.

Don't forget to follow us on Twitter (X) to see photographs of all our fun activities. @ListerInf_Rec

Reception Newsletter 14th March 2025

This Week's Book

Red Nose Day

On Friday 21st March the children can wear their own party clothing to support Red Nose Day. Please can the children wear trainers as they will be doing some sporting events too. The children need to bring £1 to support Red Nose Day. Thank you.

Star of the Week

Bluebells: Dennis Kico
Daffodils: Ozan Georgiev

These children have been caught going over and above this week!

Changing Weather

We are so excited to see the spring sunshine! Please can the children still bring a coat as our weather can be very changeable. Thank you.

We love to see and hear about your child's achievements at home. We would love if you would share these with us on Seesaw.

We would love to see their reading, writing, maths, creative and physical skills at home. Have they learnt to ride a 2 wheeler bike? Have they learnt to make their bed? Can they tie their shoe laces/ fasten buttons/buckles? Let us know!
