

This Week...

In phonics, we learnt how to read longer words that end with an 'ed' such as 'helped', 'melted and smashed'. We have continued practicing all of our tricky words to help with our fluency when we read.

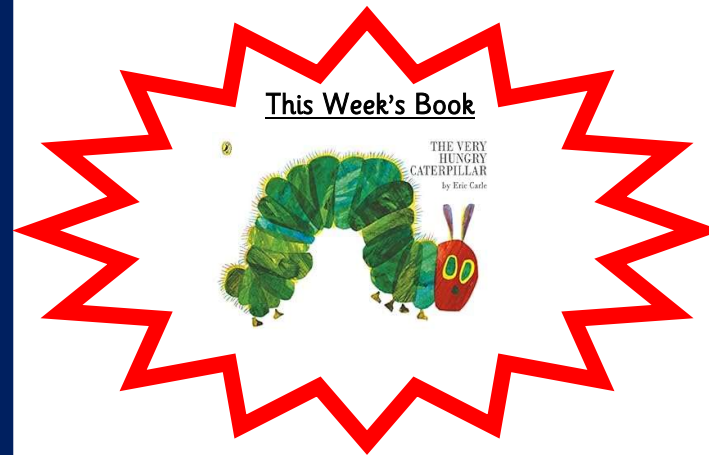

In maths, we have been learning all about the composition of number 9. We have been solving word problems. In our NCETM sessions we have been looking at doubling and have been putting this in to practice by creating beautiful doubling butterflies and ladybirds.

In our continuous provision, we have continued with our topic 'Here Comes the Sun'. In our sand tray we have been making and decorating sandcastles. On our funky finger table, we have been using the tweezers to add the correct amount of pegs to the number crabs. And in our water tray we have been searching for the correct amount of mini beasts in the water.

Don't forget to follow us on Twitter to see photographs of all our fun activities.

Reception Newsletter 4th July 2025

Weather Update

As the weather is very changeable at the moment. We ask that the children bring a coat with them for outdoor play. Thank you.

Star of the Week

Bluebells: Kayden Reilly

Daffodils: Robyn Willis

These children have been caught going over and above this week!

Transition to Year 1

The children enjoyed their visit to Year 1 on Wednesday. They explored their new classrooms and spent time with their new class teachers.

Welcome to Year 1

On Monday 7th July at 2:30pm there will be a meeting for parents/carers in preparation for your child starting year 1.

We love to see and hear about your child's achievements at home. We would love if you would share these with us on Seesaw.

We would love to see their reading, writing, maths, creative and physical skills at home. Have they learnt to ride a 2 wheeler bike? Have they learnt to make their bed? Can they tie their shoe laces/ fasten buttons/buckles? Let us know!
