

This Week...

We have continued learning our letters and sounds. We practised all of our taught phase 2 and phase 3 sounds and continued to practise reading words such as shimmer, rubbish and market.

In maths, we have been doing problem solving all about 5. We have done lots of fun activities both indoor and outdoor to explore this topic

To celebrate British Science Week, the children have taken part in a range of science experiments.

In our continuous provision, we have continued with our 'Once Upon A Time' theme. The children have enjoyed using the planting their magic beans and growing beanstalks. The children have been adding the right amount of people to the gingerbread houses and at our funky fingers station the children have been adding the correct amount of beans to jacks beanstalk. As part of our DT topic this half term the children have been creating their own fairy-tale finger puppets! We can't wait to showcase them!

Reception Newsletter 13th March 2026

This Week's Book

Bring an Egg

Don't forget next Friday it is a non uniform day and bring in and Easter egg for our Easter bingo tombola!

Star of the Week

Bluebells: Iqra Mosavi
Daffodils: Jacob Morris

These children have been caught going over and above this week!

Parents evening

Don't forget to book in for parents evening through the Arbor app for next week.

Wednesday 18th of March

And

Thursday 19th March

We love to see and hear about your child's achievements at home. We would love if you would share these with us on Seesaw.

We would love to see their reading, writing, maths, creative and physical skills at home. Have they learnt to ride a 2 wheeler bike? Have they learnt to make their bed? Can they tie their shoe laces/ fasten buttons/buckles? Let us know!
